Dear Mr. Stumpff:

Thank you for attending the meeting of the North College Park Citizens Association on June 11. As you requested, one of the agenda items was member input on the location of trash receptacles and crosswalks so funds for these purposes could be used this fiscal year. Below is a list of locations suggested by some of our members for each. Naturally, you should consult with the property owners at each location and carefully consider their opinion. In addition, feel free to add to this list other corners with high pedestrian traffic.

Receptacles:

- the corner of Huron and 51st
- the corner of Narragansett and Lackawanna
- the corner of Cherokee and Rhode Island at the bus stop
- the corner of Cherry Hill and 47th
- the corner of Edgewood and 53rd (*)

Crosswalks:

- Lackwanna St. near the Metro
- Narragansett and Edgewood
- at major bus stops
- consider ways to improve existing crosswalk of the bike trail across Cherry Hill Road

(*) A note about the corner of Edgewood and 53rd: The property owner at 9818 53rd Ave. has expressed strong objections against a trash receptacle on that property. Since the intent is to locate trash receptacles where there is high pedestrian traffic, perhaps Public Works could consider other locations near that corner that are similarly used.

Thank you for your work on behalf of our city.

Sincerely,

Lawrence R. Bleau
President, NCPCA
