

North College Park Community Association

WE'RE SETTING OUR PRIORITIES!

This is not a fancy survey because not everyone has the newest technology or the ability to use it so we are doing this the old-fashioned way.

Below are items which concern many in North College Park. **Please send me an email indicating 5 which are of most concern to you. Then, email them to me at: marycookcp@gmail.com.** If they arrive in time for the March meeting, all the better.

We will be holding our first brainstorming session at our meeting on **Thursday, March 10**. If you plan to attend, have your list handy.
