Dear Friends at Community Law Center,

The North College Park Community Association (NCPCA) wants you to know how much we have appreciated the assistance of Ms. Bridgett Simmons, Esq.

Ms. Simmons graciously accepted our request for assistance to review, understand, and respond to legal matters that affect our community, particularly the recent Prince George's County Zoning Code rewrite. College Park continues to expand at an astounding pace. As we have moved through the rewrite process, Ms. Simmons has been extraordinary in extrapolating salient points unique to NCPCA and initiating critical responses to the City and County Councils.

Because of her efforts, Ms. Simmons is well respected within NCPCA and among our City and County Councilmembers. Her work is always received with positive reviews, and she is looked upon as an authority by all parties involved.

Please realize this note cannot truly convey how valuable the assistance of Ms. Simmons has been to us. Her knowledge, expertise, and effort has had a positive and significant impact. Ms. Simmons has made a remarkable difference and continues to do so, especially now as the implementation and application of zoning issues continue to be challenging for us. Our board anticipates her work will evolve as we are faced with the challenges of keeping the character of our community.

Sincerely yours,

Mary C. Cook
President
